

## Gau Mahima Seva Trust (Regd.) (Activity report -2) (2017)

Activities of Gau Mahima Seva Trust during 2017 were as under:

1. Chairman of the trust Dr RS Chauhan delivered a lecture on beneficial aspects of Panchgavya in a training programme at Rishikesh organized by Sri Go Tirth Ashram. He also emphasized the necessity of scientific validation of the panchgavya specially of cow urine in order to make awareness and acceptance in public. As chief guest of the valedictory function Dr Chauhan also blessed the participants and distributed certificates to the participants.

2. Government of India, constituted the ANIMAL WELFARE BOARD OF INDIA through a gazette notification and made Dr RS Chauhan chairman of the Go Mahima Seva Trust as its member. He was also made member of several sub committees of the board to facilitate the smooth functioning of the board.

3. In the month of November, the editor of ICAR NEWS invited Dr RS Chauhan to contribute his innovative ideas and research for publication in the very informative and prestigious publication of Indian Council of Agricultural Research 'ICAR NEWS'. An introductory paper on COWPATHY- A NEW VERSION OF ANCIENT SCIENCE was published in its Dec, 2017 issue as a new initiative; which was considered as one of the important recognition to the subject and will be helpful in conservation and preservation of indigenous cows in the country.

4. Invited by the Convenor Arundhati Vashishtha Anusandhan Peeth to participate and to present an expert lecture on Panchgavya / Cowpathy in the National Seminar on Continuity of Indian Identity at Delhi University on Jan 14-15, 2017, Dr RS Chauhan participated and presented the scientific facts about Cowpathy and shared the dais with Shri Sampat Rai ji.

5. Dr RS Chauhan have been invited by Param Puja shankaracharyaji Shri Nishchalanand ji maharaj of Govardhanpeeth to participate and to present expert lectures on Panchgavya / Cowpathy in the conference on ***International Go- Navratri Mahotsav at Jagannath Dham, Puri*** at Puri, Odisha on Oct 26-28, 2017. Two presentations were made by Dr Chauhan on “Cowpathy” and “Prevention and Control of Diseases in Cows” in the conference and also answered the queries of the participants.
